Can't women see that with pounds. There are too many cherries the right of suffrage will inevitably the matter, and then they shoot them at business talent which now lie waste for want of outlet into that great field of usefulness, in which no one would pretend that such qualities were not very much wanted. The whole movement of modern society from the middle ages until now, and which has been greatly celerated in the present century, points in the direction of the political enfran-chisement of women. Their exclusion is chisement of women. the last remnant of the old state of society. The regime of privileges and disabilities, and of all monopolies, is gone or going, and the whole spirit of the time is against predetermining by law that one set of persons should be allowed by right of birth to have and to do what others are not by any amount of exertion or superiority of tale allowed to retain. John Stuart Mill.

The Uses of Fashion.

A writer in the Boston Transcript chats in this fashion about the uses of in some light upon her present conditions. and future prospects as follows: So much has been said lat

Perhaps some husbands complain-I dare say very unjustly—of the amount of time women now give to dress, but what if everything was left to each one's caprice? They must be glad that the law of fashion, which settles many questions for them, gives them leisure for anything else. dare say very unjustly-of the amount the style of warfare our friend

for anything else.

Not that dress is anything less than one of the great interests of a woman's life. And justly so. It is the woman's life. And justly so. It is the but it is the style they complaint. language by which she expresses her neatness, taste, judgment, and character, not for the sake of exhibition, but Well, so it is that is, small war, such

ter, not for the sake of exhibition, but for the realization of her own ideal,

What a grotesque appearance would any assembly of men and women present, did no fashion prevail. Fancy a church filled with worshippers dressed in all imaginable colors and cut. Who could keep a countenance befitting that sacred place? Who could so restrain his wandering and wondering eyes as to give attention to the preacher, himself might be the most laughable caricature. self might be the most laughable carica-lives can be saved and the same end ture there?

It was precisely to guard against this that clerical officiating robes were at first introduced. In reading the Old from each other. The country is a wil-Testament, perhaps we think that a great deal of unnecessary pains were taken to prescribe the pattern of the priest's dress. But we find a like minute care in the old pagan temples, and the second pagan temples are second pagan temples, and the second pagan temples are second pagan temples. They feel their way up to the sun; in the ancient services of the Roman there is some small space of country Catholic Church. In times when the worshipers were half dressed in skins of wild beasts, and many not dressed at all, the decency of public worship readout eighty miles to the sea, there is

Fashion is a great saving of time, and in the main a great educator of taste. amo, one can see over nearly the whole But it is our most tyrannical master, and not a break of the forest is visible, except a small space on his pate, and is jammed down over about the two towns. What would be the eyes perhaps half a dozen times a day. All the hat-makers in the world have been trying to go to the plat, and in such as a country? There is the use of an army of one hundred thousand men in such a country? There is a loss have been trying to go to the plat, and the such as a country of the plat, and the plat is the use of an army of one hundred thousand men in such a country? There is a loss than the plat is a country of the plat is and men in such as a country of the plat is and in the plat is a country of the
